

Reem Ossama Ahmed

Backend Developer

Riyadh, Saudi Arabia | reemhelmy28@gmail.com | [579720664](tel:579720664)

github.com/reemossamaahmed | linkedin.com/in/reem-ossama | [Portfolio](#)

Summary

Backend Developer specializing in Laravel, PHP, and MySQL, experienced in designing and developing scalable, secure web applications and RESTful APIs. Strong knowledge of authentication and authorization, database design, RBAC, and backend architecture. Experienced in building HR Management and Learning Management Systems (LMS), with a focus on clean, maintainable code, performance, and secure backend solutions.

Skills

Proficient: PHP, Laravel, RESTful APIs, Authentication & Authorization, Laravel Sanctum, Spatie Laravel Permission, RBAC, MySQL, Eloquent ORM, Database Design, Query Optimization, MVC Architecture, JWT Authentication, Postman.

Moderate: Service Pattern, Repository Pattern, Git & GitHub.

Familiar: HTML, CSS, Bootstrap, JavaScript, Node.js, JIRA.

Projects

[HR Management System](#)

- **Achievements:** Developed an HR Management System to manage employees, departments, attendance, leave requests, payroll, and role-based access control. Built secure RESTful APIs and optimized database relationships for efficient employee management.
- **Challenges:** Implemented secure authentication and role-based authorization while maintaining efficient database relationships and scalable backend operations.
- **What I Learned:** Strengthened experience in Laravel, PHP, MySQL, REST APIs, JWT authentication, Eloquent ORM, validation, CRUD operations, and RBAC.

[Learning Management System \(LMS\)](#)

- **Achievements:** Developed an LMS that enables students to enroll in courses, access lessons, watch videos, submit assignments, take quizzes, and track learning progress. The platform also allows instructors and administrators to manage courses and monitor student performance.
- **Challenges:** Built secure RESTful APIs and role management for Admin, Instructor, and Student workflows, while supporting course, lesson, quiz, assignment, enrollment, and media management.
- **What I Learned:** Strengthened experience in Laravel, PHP, MySQL, JWT authentication, REST APIs, Eloquent ORM, Git, Postman, and building maintainable learning platforms.

Experience

Freelance Backend Developer – [Nahfad](#)

- Developed and maintained web applications using Laravel, PHP, and MySQL.
- Built RESTful APIs and backend features for scalable solutions.
- Improved application performance and user experience.

Teaching Assistant - New Mansoura University

- Assisted in teaching computer science subjects.
- Explained programming concepts to students.
- Supported lab sessions and academic projects.

Full Stack Web Developer - [Attractionme](#)

- Built and maintained web applications.
- Developed backend using Laravel and PHP.
- Improved performance and database optimization.

Education B.Eng. in Computer and Communications Engineering — Mansoura University

B.Eng in Computer & Communications Engineering, Mansoura University (GPA: 3.8 / 4.0)

October 2016– June 2021

- Specializing in the **Computer Science** Department.

- Graduation Project: Developed a COVID-19 Diagnosis System using Data Mining Techniques.
- Achieved an A+ in the graduation project.

Training - Courses

Web Development (PHP, MySQL, Laravel) – Digital Egypt Youth Program | NTI

May 2022

Web Design – Digital Egypt Youth Program | NTI

March 2022

Front End Web Development Diploma – EF Future

March 2023

Soft Skills

- Team Collaboration
- Effective Communication
- Problem-Solving
- Training & Coaching
- Public Speaking
- Instructional Design
- Time Management
- Adaptability
- Project Documentation
